

Summary of urban major projects

Over the next 10 years we plan to spend more than \$33 million on major projects to strengthen and expand our urban electricity network. We outline planned major urban projects in the map below – more detail is available in our full AMP. **Current as at 5 April 2018, subject to change.**

SUB	Substation	UG	Underground
OH	Overhead	GXP	Grid exit point

Locations marked on the map refer to Orion substations.
The year indicated for completion of a project ends at 31 March in each case.
